

SUB 210

8" - 200 W - Active Subwoofer

Key Features

With a seamless design, the Jamo SUB 210 subwoofer is more compact than any of the predecessors in its class, offering easier placement in today's living environment.

This Jamo SUB 210 subwoofer has a 200W amplifier and 8" long stroke woofer in a bass-reflex-enclosure, which gives it a level of performance unequalled in its class.

The auto-on-off and controls for level, cut-off-frequency as well as phase, together with line-level-input make it very easy to integrate this subwoofer with any other TV/speaker/amplifier/receiver combination.

D Class 200 W Built-in Amplifier

Audiophile grade amplifier provides impressive low end with permanent available head room.

Down-firing 8" Long Stroke Woofer

Available Colours and CMF Options

● Black
